STRENGTHENING THE PRIVATE SECTOR
WITH OUR NATION’S MILITARY TALENT
VETTED is the optimal Veteran transition platform to transform proven military leaders into tomorrow’s industry leaders and entrepreneurs. VETTED selects military talent for transition preparation and planning, executive education, and industry placement in the private sector. VETTED is creating the first privatized model to serve as the launch pad for successful Veteran transitions nationwide.

 WHY VETTED? 

Veterans transitioning from military leadership to industry are facing systemic challenges. Veteran unemployment rates are higher than their civilian counterparts. Over 70% of transitioning post-9/11 veterans report difficulties landing employment.

While thousands of corporations claim to have a Veteran hiring initiative, more than 70% of hiring managers admit they have a hard time understanding how to translate military experience to the corporate world. Veterans deserve better and the Private Sector needs and deserves leaders of character.

VETTED, Public and Private Universities, and the Private Sector, are joining forces to ensure that our Veterans are trained and equipped for the next chapters in their lives.
OUR TEAM

The VETTED team is comprised of a unique force of Veterans who have proven themselves in both some of the most challenging arenas this planet has to offer from the battlefield to the private sector. From special operations leaders, surgical operations leaders, infantry and intelligence commanders, to successful real estate investors, business development consultants, finance professionals, and social entrepreneurs - our team is equipped to tackle the challenges of today transitioning military leader.

**Veteran Accelerated Management Program**
Our Veteran Accelerated Management Program (VAMP) pilots will run from 2017 to 2018 through the University of Texas at Austin McCombs School of Business, Texas A&M University Mays School of Business, and Rice Jones Graduate School of Business.

**THIS IS THE MOST COMPREHENSIVE VETERAN TRANSITION ON THE MARKET:**
The Veteran Accelerated Management Program combines 5 months of distance learning in business fundamentals (Marketing, Finance, Accounting, Operations) with 2 months of comprehensive residential graduate level business instruction. This highly engaging and interactive program utilizes cases, presentations, simulations, performance assessments, guest speakers, and the first-ever Psychology of the Veteran Transition to ensure Veterans are well-prepared for the challenges that await them in the corporate sector. Not only are these veterans developing the business acumen they need to succeed in the corporate world, but they are also provided world-class career services including resume development, mock interviews, and networking techniques. **During the residential education module, Veterans can choose from 1 of 2 capstone options:**

**MICRO-CONSULTING CAPSTONE**
A touch of industry experience embedded with a corporate partner in a small group to address a corporate level issue. At the conclusion of the course, teams will report their findings and recommendations to their clients.

**VETERAN ENTREPRENEURIAL CAPSTONE**
Engage in the business model generation for their very own start-ups. This capstone culminates in a pitch competition to a panel of venture capitalists, angel investors, and serial entrepreneurs. At the conclusion of the course, Veterans have the option to apply for the Bunker Labs, The Jonas Project, Vet Tech, and Founder’s Institute to continue with the execution of their start-ups.
American Corporate Partners (ACP) is a national nonprofit organization focused on helping returning Veterans find their next careers through one-on-one mentoring, networking and online career advice.

Veterati is an innovative mentorship platform that makes being a mentor and finding mentors effortless. Connecting job-seekers to mentors at scale is phase 1 of Veterati’s greater mission: to transform job search from a painful experience into an inspiring journey.
